# Editor's Letter

One fine day in September the annual staff decided we needed a change. The yearbook had to be improved. There are very few ideas we haven't used or at least considered. If symbols, lines, paragraphs, clearer pictures, extra pages, a more complete coverage, and a new cover design cannot improve an annual, nothing will.

Although many students were restless while waiting for the summer edition, I feel the addition of the graduation and other end of school activities will make them appreciate the long wait. The Seniors needed a year to remember, not a half year represented by a few pictures.

I found the help of many people was needed if our yearbook was to be a success. To these people I wish to express my deepest appreciation . . .

Advertizers ---- provided the funds which made this annual possible.

Staff ---- their co-operation and hard work

Sponsor, Mrs. Manly ---- for her help with all our problems

Superintendent, Mr. Bradley ---- for his patience, understanding and an open mind for progress

Mr. Gideon ---- photographic contributions

Mr. Bergman of Taylor Publishing Co. ---- interest and advice

May this 1965-66 GALAXY always bring fond memories of the past.

With best wishes for the future,

*Laura Latimer*

**Dedicated in Grateful Recognition of Time, Service, Self.**

I'm sure you all know someone who stands out in your memory as a hard worker. The one who is always doing his own work and most of everyone else's. The one who never complains about hard work, who toils and slaves and actually enjoys it. We all feel I am sure that these people should have some recognition for their unending service. It is for this reason that we, the Galaxy Staff, dedicate this yearbook to Mrs. Kathline Stiteler and Miss Linda Lane for their perpetual loyalty, friendliness, and aid to all around them.

# ADMINISTRATION

...An administration is set up to take care of the executive business of a school and to enforce its laws, but it does much more. Each teacher, in some way, influences many young people. They have the responsibility of preparing students for the future, showing them how to be independent and, being able to work well in a group. Hammerton once said, "A perfect life is like that of a ship of war which has its own place in the fleet and can share in its strength and discipline, but can also go forth alone in the solitude of the infinite sea. We ought to belong to society, to have our place in it, and yet be capable of a complete individual existence outside of it." Many people owe their success to teachers who guided them.

# Board of Education

Mr. G. W. Staas, Mr. Alex Federwisch, Mr. W. F. Hague Mr. C. J. Steenson, Mr. Harry Thompson, Mr. H. J. McKinney, Mr. Lacy Garmon.

A school board is a group of men from our community who are elected to be the leaders of the school. Many think that a school board is just there for formality and to meet occasionally to approve actions that have or are already in the process of being completed. This is not true. The school board approves the total school program before it becomes a reality.

The Robinson School Board must approve every teacher that is hired. They also had to approve the Building Trades program which has been such a great success.

In the fall of 1965 the Robinson School Board officially opened the new air-conditioned band hall, dressing room facilities, and the building trades workshop. They are currently planning the new Junior High School building.

The work that our school board has accomplished has taken many long hours each month.

# CLOSE RELATIONSHIP WITH STUDENT BODY . . .

## SUPERINTENDENT — MR. WILLIAM C. BRADLEY, JR.

ROBINSON INDEPENDENT SCHOOL DISTRICT

WACO, TEXAS 76706

May 23, 1966

TO THE STUDENT BODY:

Your Galaxy is a book of treasured memories, and becomes dearer with the years. The work and pleasures you have had together will not only be stamped on the pages of this book but in your hearts as well.

Life holds a future for each of you, and it may be one of success and happiness, if you will attempt to develop the full capacities of living. You write your own record each day. The attitudes and skills developed while in school will determine to a great extent your success in life.

To the seniors, I sincerely wish for you the best. When trials come your way (and they will) may you ever have Faith in the Supreme, and the determination to win. Having returned to Robinson High School as Sophomores, your lot has not always been an easy one, but from the determination you have displayed, I feel certain your life will be paved with success.

It is with great pride in the student body that I submit this message for the 1965-66 Galaxy.

Very Sincerely Yours,

William C. Bradley Jr.

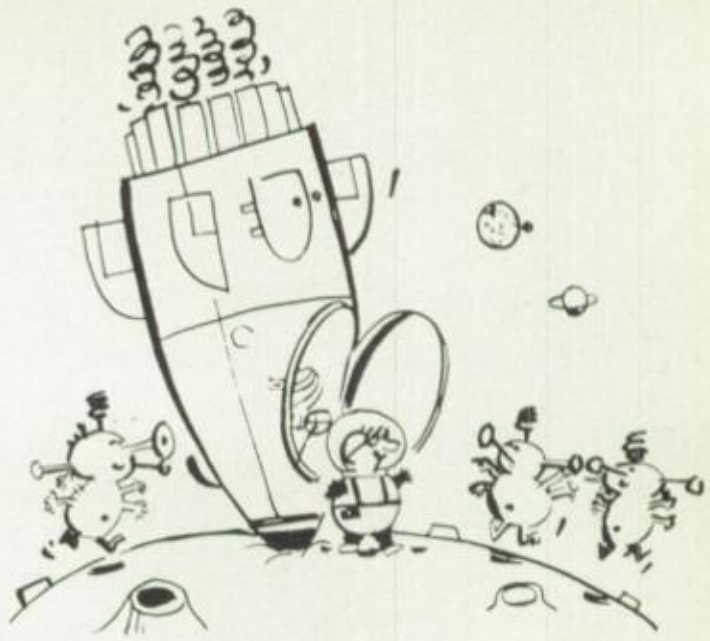
# Cooks and Custodians

On entering our school, most people see the obvious. They notice everything around them, but they see nothing of what is behind it all. To keep a school such as ours in good working order, an enormous amount of help is required. Most of this assistance is given to us by a few dedicated people who in many cases receive very little in return. We are speaking of our custodians and cafeteria personnel. To you we say thanks.



Mrs. Perry will hunt for a bargain anywhere.

The Parent-Teacher Association is made up of people in the community who are interested in education. PTA serves as a medium between parents and teachers. At each meeting a program of interest is presented. This program serves not only as entertainment, but also gives students a chance to participate.

This year the PTA sponsored a carnival to raise funds to buy curtains for the new high school stage. Four seniors Dorothy Johnson, Lynda Selby, Dean Engel, and Ronnie Byrd were presented $100 college scholarships by the PTA. Each year the Robinson PTA works and strives for a better school.

# SENIORS

. . . No one knows, no one can be sure, what great talent lies among you. Among those who received their diplomas may be some of the truly great business, industrial, agricultural, professional or political leaders of tomorrow. It is up to you now as this school has done all it can for you, and these diplomas you have received represent the end of the efforts of your teachers and the school to be of assistance to you. To win success you will need, in addition to a bright, intelligent mind, ambition and a strong determination to work hard . . .

# JUNIORS

. . . Juniors must take immediate action on selecting courses in relation to plans for future careers. The world becomes a reality, not just a place for fun and games. They have a new awareness of the world situation and their places in it. With new maturity and an open mind, they view life and form their own beliefs about it. These beliefs, whether old or new, are the basis of life and should be defended regardless of the circumstances. This individual freedom distinguishes their generation from those of years past.

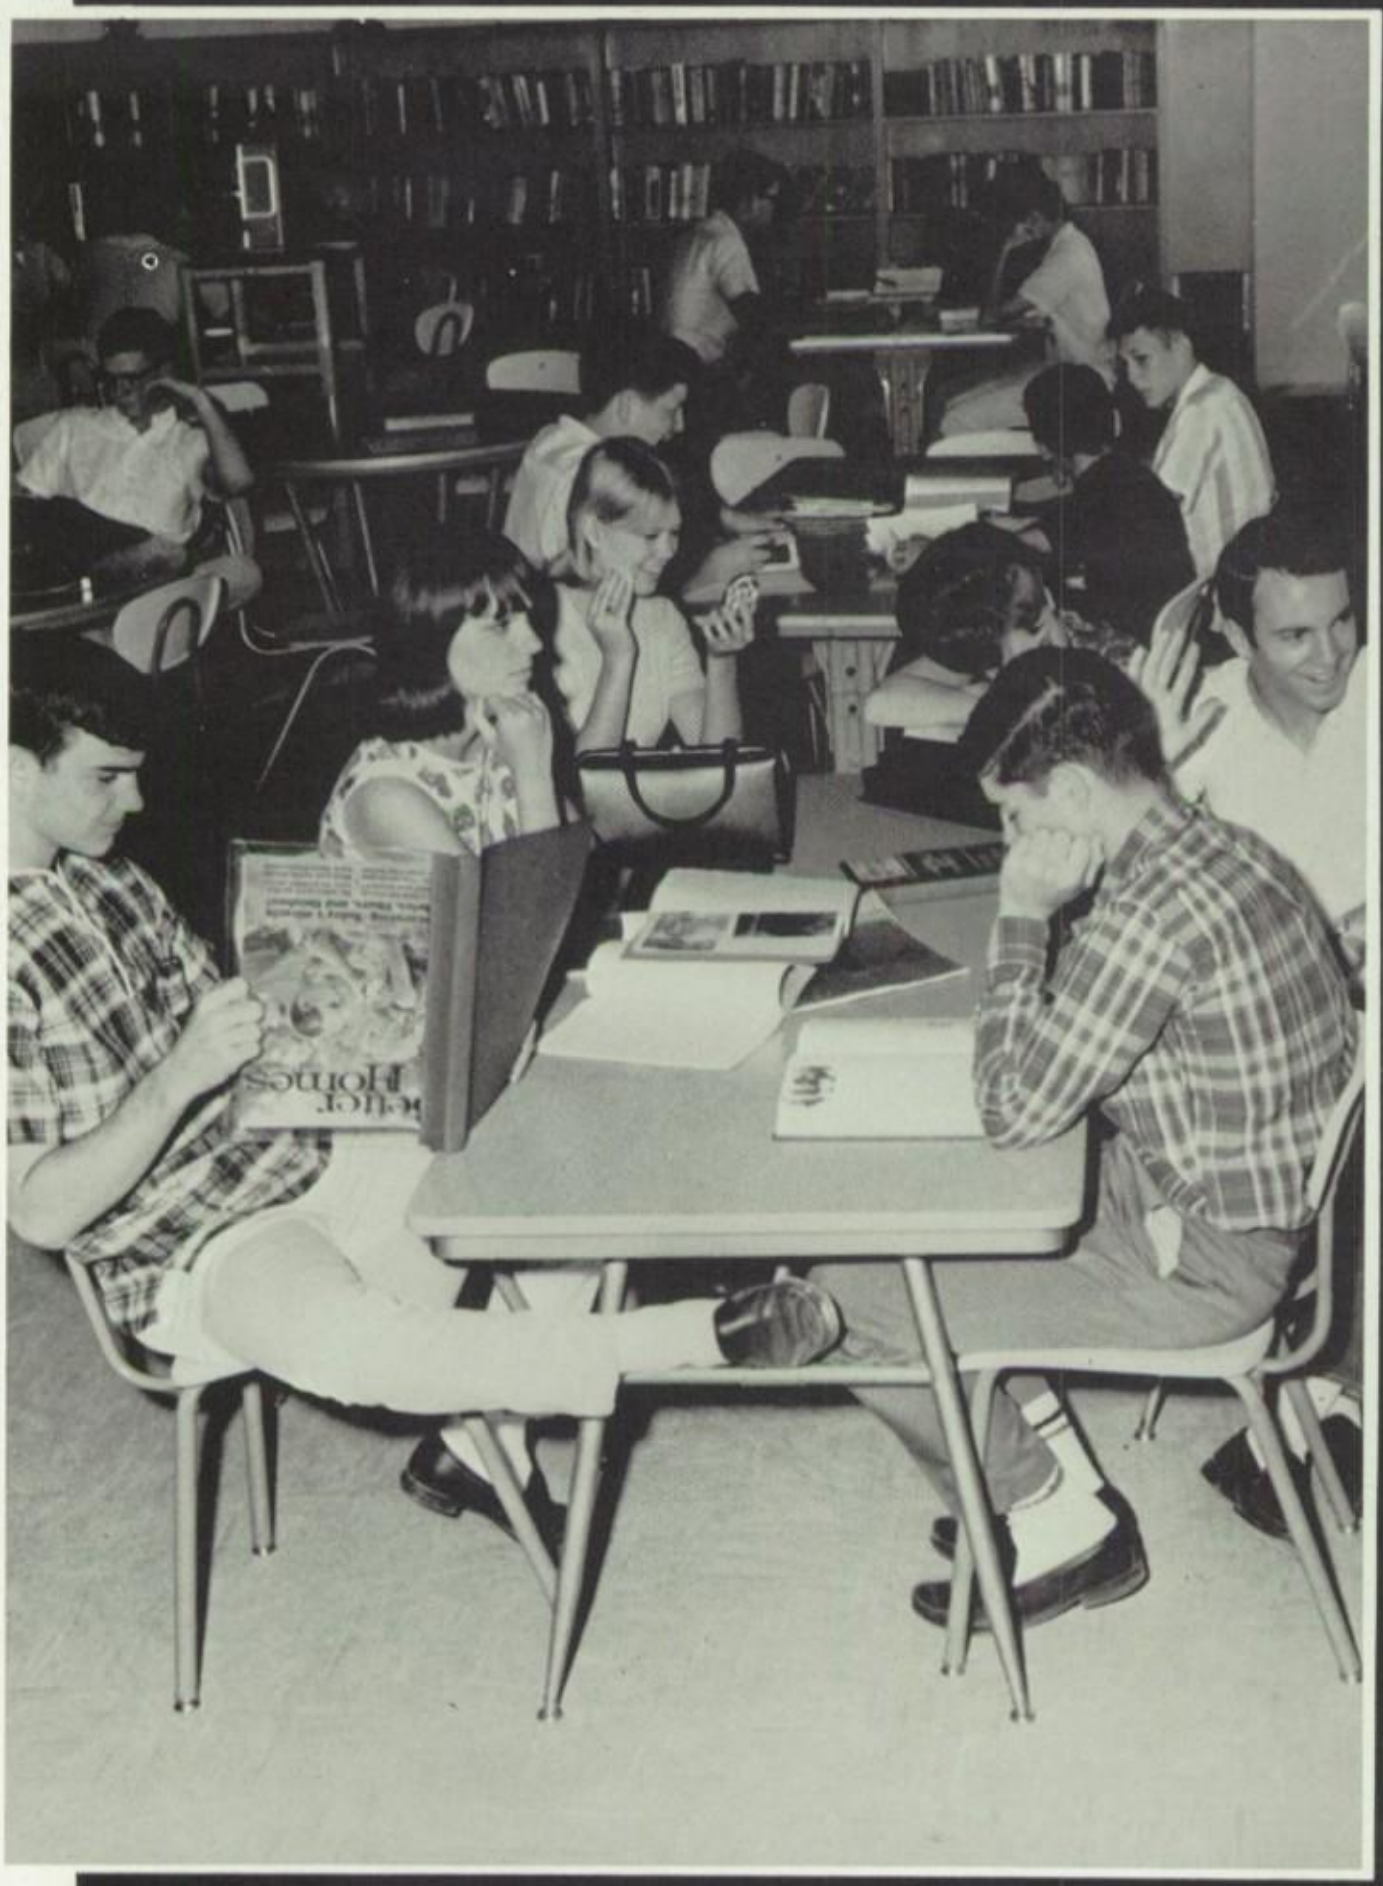
# SOPHOMORES



. . . Sophomores must be even more industrious than the Freshmen. They must master the strong curriculum, the social whirl entwined with dramatics, literary and athletic competition, and the satisfaction of achieving new goals which had seemed beyond their scope of comprehension. These students begin to take school seriously and realize that their lives are dependent on the education they receive. They set goals for their junior and senior years and continue their work . . .

# FRESHMEN

. . . Ninth grade students often refer to their Freshman year as 'The Start of Something Big'. The Freshman year is the first large step to a more formal, complex education. Classes must be chosen to follow a field of interest that will probably lead to their future careers. With diligent work and strict study habits, these students will have success in their high school years and in the future as well. Freshmen can now take part in many activities never offered them before. They find that school is more than just a place to study. It is a whole new world with opportunities to develop and use their own special talents . . .

# ELEMENTARY

. . . A young child starts to school for the first time, frightened by the new surroundings. Little does he realize the extent of knowledge and pleasure he will reach. As he advances through each grade, he begins to understand the world and a little about the people in it. He learns to share his experiences with other children. He learns the meaning of the word friends. With the knowledge acquired in these early years, he develops an ability to learn, and an incentive to go on to higher goals . . .

. . . The Student Council of Robinson High School is an organization of Students, elected by students, to serve as their official representatives in all matters of concern to the entire school. It provides a medium through which student opinion may be heard and a forum for the consideration of common school problems. Besides being a student forum, it is a training ground for leaders and followers. By providing an opportunity for high school students to do the things which a good citizen does, the Student Council teaches good citizenship and encourages an interest in civic matters . . .

The FHA Creed

We are the Future Homemakers of America
We face the future with warm courage
And high hope.

For we have the clear consciousness of seeking
Old and precious values.
For we are the builders of homes,
Homes for America's future.
Homes where living will be the expression of everything
That is good and fair.
Homes where truth and love and security and faith
Will be realities, not dreams.

We are the Future Homemakers of America.
We face the future with warm courage
And high hope.

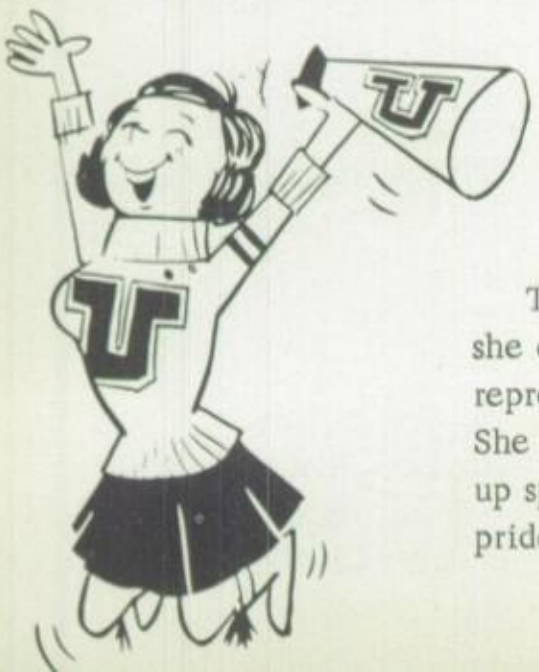
# Cheerleaders

Head Cheerleader - Janine Rasner (Sr)

Debbie Vardeman (Fr) Nancy McKinney (Soph)

May Guthrie (Jr) Judy Koerth (Jr)



There are several requirements a girl of R. H. S. must meet before she can become a cheerleader. She must be tactful, an outstanding representative of the school, and maintain better than average grades. She is responsible for spirit posters, lead yells at pep rallies, and keep up spirit at the games. The most important duty of all is to keep up pride and enthusiasm regardless if we win or lose.

# High School Pep Squad

Kay Shelburne, Kay Collins, Micky Lowe, Nancy Curlee, Carolyn Lippert, Linda Cloer, Jody Lang, Laura Latimer, Linda Pimpton, Cynthia Pool, Ann Pruitt, Jeanie Martin, Jeanett Cline, Carolyn Carter, Nancy Meadows, Sherry McMullin, Pam Lynch, Vickie McMullin, Sharon Scott, Alma Kitchens, Alice Cuzzort, Alita Brown, Cheryl White, Becky White, Nancy McKinney, Delores Huhn, Bettilu Rubin, Debbie Vardeman, Dorothy Johnson, Brenda Ward, Judy Koerth, Jackie Robertson, Linda Selby, May Guthrie, Janine Rasner.

A fighting spirit is supported by people who are willing to contribute more than time, and hard work; they put themselves in it. The Pep Squad led by the cheerleaders is always ready to cheer on the Rockets with a thunderous yell. They encourage the crowd to be heard and encourage the boys to win. This Pep Squad works toward one principal goal - a Rocket Spirit unconquered.

. . . The Robinson High School Band participated in many events this year. Some of these the Rocket Band entered for the first time. The Band had one member to make the All District Band--Dennis Hopkins. Dennis also made the All Regional Band along with Dean Engel. The Band represented McClennan County in the Astrodome. They won a 3rd division in the Marching contest and entered the Concert and Sight Reading Contest. Judy Vasser and Travis Kitchens won Silver Medals at the Solo and Ensemble Contest. The band played for all the football games and pep rallies.

. . . In sports the participants stand to gain from competitive athletics. In any team sport, each player has a different assignment to carry out. Endurance is a quality essential to success. Nothing is ever accomplished without enthusiasm. A player must play to win. There is no short cut to success; it is mainly hard work, courage, and perseverance. All these factors may lead to a well-rounded athlete.

# Robinson Captures Regional

BURNET — The Robinson Rockets trimmed Burnet, 3-1, here Friday night and captured their second straight Class A Region IV baseball championship.

The victory was the second straight for Coach Ken Beverly's Rockets over Burnet and gave them a sweep of a series for the championship.

Mike Reaves threw a 1-hitter for the Rockets as they won their 20th victory of the season —their 35th in a row over the last two years—and put an end to an unbeaten season.

Reaves, winning his seventh game of the season, fanned eight and walked four. The lone hit he yielded was in the first inning in which Burnet scored its only run.

Robinson scored in the opening inning as Larry Haigood doubled, Gary Lathern walked and Henry Medlin hit a ball that was muffed and allowed a run to score.

But Burnet came back in its half with a run. Gerald Greir got a hit, stole second and scored when Reaves overthrew third trying to get him.

In the fifth the Rockets scored two more. Ray Fannin walked, stole second and scored on a safety by Haigood. Then with Haigood on third, Lathern laid down a bunt to squeeze in the final run.

# ACTIVITIES

. . . School activities give the students time to break the monotony of the everyday routine. Initiation added variety to the normal school day of the Freshman as well as other students. Having fun is the main goal of partaking in activities. Banquets, carnivals, and trips extend activities to all students, not just a few. Class plays do much more than just entertain an audience. They give students a chance to apply the knowledge they've gained through the years. Activities allow students to get to know one another better and help them to find their places in life . . .

# Carnival Fun

## The Queen's Court

On October 16, 1965, the Robinson P.T.A. held their annual Halloween Carnival. The carnival consisted of food, games, contests, and booths. The night's grand finale was the crowning of the Halloween Queen. The ninth through the twelfth grades elect representatives who compete for the honor of Halloween Queen. The girls collect money to determine who is the queen. Each penny represents one vote and the girl with the most money receives the honor of being the Halloween Queen. The rest of the queen's court is composed of two representatives from each grade, 1-8. These representatives are elected by their classmates...

Most of the excitement which took place outside took place around the "Dunking Sam" booth...

The audience awaits the beginning of the Coronation.

The Halloween Carnival Queen was Brenda Ward. She was crowned by Karen Bradford, her predecessor. Senior Brenda Ward was escorted by Larry Staas.

Brenda learns she is the 1965 Halloween Carnival Queen. . .

Karen Bradford crowned Queen Brenda Ward and runner-up Kay Wollitz. . . .

Queen Brenda accepts the crown and the roses.

# Homecoming

. . . Each year the senior class nominates five senior girls for Homecoming queen. Then the entire student body elects the queen. Mary was elected because she possesses many outstanding traits. The most outstanding of these is her pleasing personality and her winning way. Mary has exceptional leadership qualities and she has very high qualities of achievement. She has been on the Honor Roll all four years of high school and is secretary of the Senior class. These qualities along with others helped Mary accquire this most cherished crown . . .

. . . Mary is tense while waiting for the naming of the Queen. The announcement rings out across the field, "Mary Davis, escorted by Virgil Huff, is the 1965 Homecoming Queen." Mary is crowned by the 1964 Queen, Mollie O'Leary and presented with a beautiful bouquet of red roses. Mary is then escorted around the field in a white convertible . . .

# Christmas Fun 1965

On December 10, 1965, the band held its Christmas Party. At the party the band Sweetheart and the band Beau were presented. The nominees were: Ronald Koester, Judy Federwisch, Donna Walker, Sherian Strickland, and Dean Engel. Band Sweetheart is Donna Walker; Band Beau is Dean Engel.

Dr. Wimpee spoke on the true meaning of Christmas.

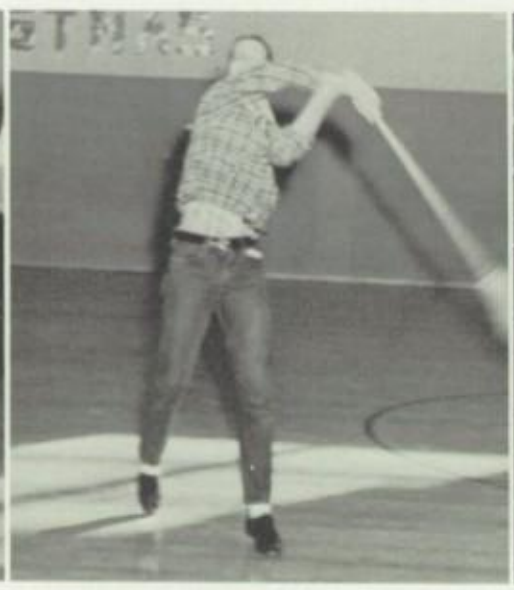
Trice Harmon presented a reading.

Debbie and Gail Wimpee provided the musical entertainment.

The teachers got into the spirit of Christmas by decorating their classrooms.

At the school Christmas party many things were happening. A special present was presented by Dean Engel. The students waited anxiously while their gifts were passed out, and then everyone enjoyed the refreshments.

Mr. Beverly took the first swing and missed.



Jerry Meadows tried next.

Mr. Crockett tried his luck.

The piñata is broken.

FRESHMAN INITIATION

The Freshman Initiation for this year got off to a swinging start. To begin with the distinct odor of Limberger cheese floated through the halls of Robison High. Next the Freshmen's teachers would not allow them to attend classes because they could not stand to have them in their classrooms.

After the Freshmen had been "fixed up" one did well to recognize the different individuals.

As you can see from the various pictures, the Freshman class of '66 is very unique.

Good luck, class! You are going to need it!

# Graduation

VALEDICTORIAN--Dorothy Johnson

SALUTATORIAN--Phyllis Kitchens

Everyone seems anxious as graduation nears.

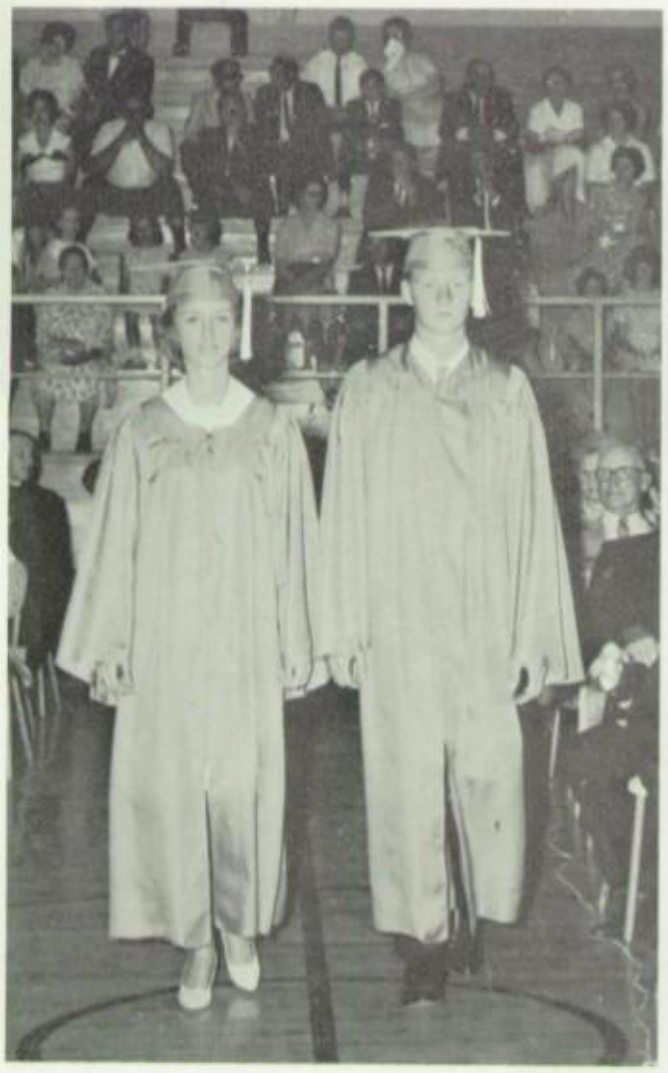
Mr. Alex Federwisch

For Robinson High Senior Class graduation is a mountain-top experience.

Behind lies a valley of fond school life memories to be cherished forever.

Ahead the mountains may loom steep and rocky--or the pathway may be narrow and lonesome--or the tasks may seem formidable.

But these seniors will face the future with faith, courage, and the determination to succeed, always pursuing the rainbow that may become a reality and a dream fulfilled.



As they marched down the aisle in cap and gown, a few tears were shed.

Henry Medlin and Mary Davis receive their diplomas.
